- [1] Rate not addressed in Cost Docket (estimated TELRIC)
- [2] Market-based rates
- [3] ICB, Individual Case Basis pricing.
- [4] Rates per FCC Guidelines. In 1978, Congress enacted section 224 of the Communications Act which granted the FCC the authority to regulate the rates, terms, and conditions governing pole attachments. Pole Attachment & Innerduct Occupancy rates were revised in 9/8/04 Exhibit A to reflect newly calculated rates.
- [5] Qwest has agreed to a bill and keep arrangement for EICT, pursuant to 271 workshops.
- [6] The preliminary engineering and planning costs are included in the caged and cageless space construction charges. These engineering and planning charges are also included in the caged and cageless quote preparation fees. Upon completion of the collocation construction, these quote preparation fees will be credited to the final space construction charge for the collocation job.
- [7] Effective 8/1/03, Qwest will not bill the recurring and nonrecurring charges for Channel Regeneration. Qwest reserves the right to revert back to the contractual rate only after appropriate notice is given.
- [8] Qwest is reinstating the Cable Unloading / Bridge Tap Removal Charge effective 3/14/05. [9] Qwest has not implemented deaveraged Shared Loop. Rate reflects the lowest zone rate.
- [10] Qwest has not implemented the NID recurring charge, but reserves the right to assess such a charge in the future.
